

VISI-MARK[®] FP

Advanced Technology for Marking Fluoropolymers

Your fluoropolymer products become even better with VisiMark[®] FP technology

- You can have different, vivid colors on the same device.
- You can customize your design of band placement and width.
- You can have any combination of arrows or stop or depth limits.
- You can add all types of your design marks that will provide your customer with an improved and user-friendly device.
- You can have a logo, lot or date code on your device.
- You can hardly feel the thin VisiMark[®] color, yet it is durable and flexible.

**New VisiMark[®] FP permanently bonds
your choice or design of markings
to any solid, expanded or molded fluoropolymer surface**

VisiMark[®] is a registered US trademark licensed from Innovatech, LLC.

U.S. Patent Pending
